White & Red Wine with Natural Flavor added.

Vinification: This bubbly beverage is a blend of crisp white wine, fresh red wine and all the natural juice of Pomegranate and Marula (the African Elephant's favorite fruity treat). (Tropical Fruit)
It presents the perfect balance of optimally ripe pomegranates and marula, slightly sweet, with a touch of fizz, offering a celebration in every glass.

Winemaker's

notes: A lovely blend of crisp white wine, mostly from the "*Hanepoot Grape*" (*Muscat d' Alexandrie*) and fresh, early ripening red variety, with the delicious natural flavors of pomegranate & marula. This makes for a refreshing aperitif in summer. Being low in alcohol and only 6% carbs, it can be enjoyed all the time.
